

SHE CREATES ALUMNAE EVALUATION

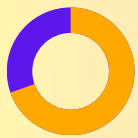

This survey was conducted for participants of the She Creates Camp from 2008 to 2023 and are within the ages 13- 30

A total number of 79 alumnae responded to the survey with a notable concentration from the years 2014, 2018, 2019, 2022, and 2023

96.2%

have been applying the technologies and digital tools acquired at the She Creates Camp

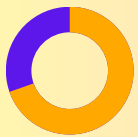

69.6%

agreed that the She Creates Camp motivated them to pursue careers in Science and Technology

62%

generate income through the use of technology skills and knowledge gained from the She Creates Camp

18%

of the alumnae stated that they lack the resources and tools (computer, mentorship, further training and time) to use the tools and skills learned effectively

36.7%

of the alumnae are presently pursuing STEM courses while **78.4%** expressed their intention to study a STEM course

The survey shows that the camp plays a crucial role in empowering women and girls in STEM. It is also encouraging to note that a good number of the alumnae are currently studying STEM while a large number intends to pursue STEM education and careers.
